RE: Georgia Open Records Act request — Board of Zoning Appeals meeting minutes, 2022–present

Dear Ms. Capetillo,

Pursuant to the Georgia Open Records Act, OCGA § 50-18-70 et seq., I request access to and copies of the following records:

1. All meeting minutes of the City of Grovetown Board of Zoning Appeals for meetings held during the period January 1, 2022 through the present (May 22, 2026).
2. For any Board of Zoning Appeals meeting in that period for which no written minutes have been prepared, a written statement to that effect identifying the meeting by date.
3. If draft or unapproved minutes exist for any meeting in that period in lieu of final approved versions, please provide those drafts and identify them as such.

I prefer to receive these records in electronic format (PDF, DOCX, or the format in which they are maintained) delivered by email to **[YOUR EMAIL]**, which avoids per-page copying fees under OCGA § 50-18-71(d).

If your agency anticipates fees exceeding \$25.00 under OCGA § 50-18-71(d), please provide a written cost estimate before incurring the cost. I will respond to the estimate within three business days.

Under OCGA § 50-18-71(b)(1)(A), please respond to this request within three (3) business days. If any portion of the request requires more time to fulfill, please advise in writing within that period of (a) the specific records that will require additional time, (b) the reason for the delay, and (c) when the records will be produced. Under OCGA § 50-18-71(b)(1)(B), if any responsive records do not exist or are not in your custody, please state that in writing within the same three business days.

If you withhold any responsive record in whole or in part, please cite the specific OCGA section authorizing the withholding and identify the record being withheld with enough specificity that I can evaluate the exemption. TownWatch is an independent civic records research project documenting how local governments publish meeting minutes; this request is part of that ongoing research.

Thank you for your assistance. Please reply to:
